## ERIKS Receives Boeing Performance Excellence Award Two Years in a Row

**Dallas, TX, February 17, 2016** – ERIKS West, a division of ERIKS Seals and Plastics, Inc., for the second year in a row announced that it has received the 2015 Silver Performance Excellence Award from The Boeing Company. Boeing issues this award annually to recognize suppliers who have achieved a superior performance rating for each month of the 12-month performance period, from October 1, 2014 to September 30, 2015. During this period ERIKS West maintained a Silver composite performance level, one of only 423 suppliers to attain this status.

“Winning this award from Boeing for a second year in a row is a great source of pride to the ERIKS West team and shows the value we place on the partnerships we have with our customers,” said Todd Lindsay, Vice President and General Manager at ERIKS West. “We will continue to build strong customer relationships by providing a wide-range of components along with unsurpassed technical support and logistics services that bring value to our customers.”

### **About ERIKS**

ERIKS was founded in 1940 in Alkmaar, Netherlands. Today, ERIKS is a leading provider of a wide range of high-quality mechanical engineering components and associated technical and logistics services. ERIKS Seals and Plastics, Inc., a United States division of ERIKS, focuses specifically on the sealing and custom plastics products and offers related technical and logistics services for the consumer products, food and beverage, heavy equipment manufacturing, oil and gas, pharmaceutical, power generation, semiconductor, transportation and the water and wastewater industries. ERIKS Seals and Plastics is headquartered in Grapevine, Texas and has additional locations in Wisconsin, Washington, California and Oklahoma.
