

ERIKS has been matching customer needs with flexible logistics and support programs for over 50 years.

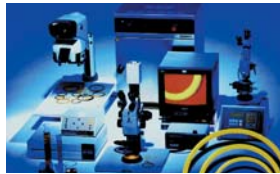

The selection of a total integrated supply program can lead to lower costs, vendor reduction and a greater certainty of supply.

Product

Logistics

Quality & Technical

Benefits

The benefits of ERIKS Integrated Supply Services Include:

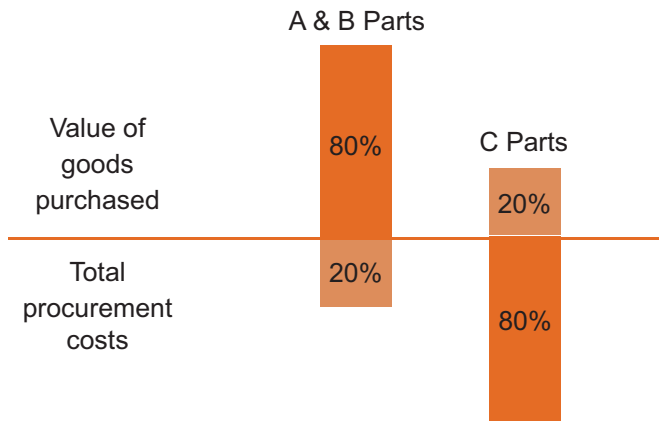

- Total Cost of Ownership Reduction
- Improved Delivery Performance
- Improved Product & Quality Documentation
- Greater Flexibility in Inventory Management
- Vendor Reduction

Products

- Sealing Components & Rings
- Fluid Handling Components
- Kitting & Sub-Assembly
- Advanced Engineering Plastics

Total Cost of Supply

ERIKS is specializing in providing a wide range of technical, yet low purchasing value products (C-parts)

Focusing on the largest component of the value of C-parts (procurement costs) ERIKS provides significant cost reduction opportunities.
